A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease.

"Your 'Golden Medical Discovery' cured me of rheumatism after I had tried a dozen remedies without relief and also gone West in search of health," writes Harry Kitter, of No. 1845 6th Street, Denver, Colo. "Only those who have suffered from this dread malady know the pain and misery I endured for over five years. Whenever the weather was damp or cold my troubles were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I came to Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Pierce's Pleasant Pellets. These tiny, sugar-coated anti-bilious granules regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.
D. KAUBLE, Nevada, O.

Digests What You Eat

Dollar bottle holds 2½ times as much as the trial, or 50 cent size.

SERIOUS CONDITIONS.

Many grocers interviewed in different parts of Chicago yesterday declared that by the middle of next week, if the strike of teamsters continues, Chicago will be facing the most acute famine in many years. After the walkout of the drivers of the larger wholesale grocers the regular customers of these companies were notified that they would be furnished with goods if they would call with their own wagons.

The retail grocers, however, were either turned away by union pickets, or if they did drive to the houses and load their wagons, they ran the risk of having their loads overturned. With these conditions the retail grocers transferred their trade to the smaller wholesale houses. The business of these concerns increased from 50 to 100 per cent. The consequence was that the drivers for these firms have gone out one by one as boycott ramifications spread.

Especially in canned goods is there a shortage in grocery stores. Grocers always let their canned-goods stock run low this time of the year, because fresh vegetables begin to come in. But, with the vegetable supply cut more than 50 per cent. because the express companies will not handle it, the demand for canned goods has been especially heavy. Flour, beans, sugar, rice, salt, tea, etc., are said to be fast giving out, not to mention worse scarcity of butter and eggs.

A crisis in the strike is expected to come today. State street retail merchants have decided to send out 1,100 wagons to make deliveries in all parts of the city. As far as possible these wagons will be guarded by deputy sheriffs, and in some cases by policemen. It will be impossible for all the wagons to be guarded by deputy sheriffs, but it is the intention to place two officers on each wagon as far as the number of deputies already sworn in will permit. Sheriff Barrett had 200 deputies in service last night, and said that he thought this number would be ample for the work outlined for today. If it is not, it is said, he will conclude that the sheriff's force and the police are not able to control the situation and a request will be made for the State militia.

Governor Deneeen has said that he will order out the troops if a request is made by Sheriff Barrett, and on the failure or success of the attempt at retail deliveries today depends the coming of troops.

There were many disorderly incidents yesterday and several people seriously hurt. As wagons proceeded down Ohio street they were targets for persons in the windows of all the buildings and for the crowd which continued to follow them. Policemen charged the crowd repeatedly, but they were unable to keep it back. The mob was composed almost entirely of young men and women, the latter taking an active part in the rioting and urging the men to further violence.

As the caravan passed Orleans street a large cannon cracker was thrown from the crowd, exploding under the feet of one of the teams. The horses were held back with difficulty by the police. Terrific explosion of large firecrackers occurred at several corners.

Labor leaders and their followers were considerably stirred up over the action of the Chicago banks represented in the Clearing-House Association passing resolutions urging sending the militia to Chicago and raising $50,000 to help the Chicago Employers' Association in its present fight on the teamsters. Efforts, it was said, would be made to find a "fair" bank in Chicago, and if such is found it is planned to have the laboring men withdraw savings from banks under ban and deposit with the "fair" banks.

PAPAL ENCYCLICAL.

A copy of the latest encyclical of Pope Pius X on the teaching of the catechism, which was promulgated in Rome April 15, has been received in this country.

This doucument, which is addressed to the whole Catholic world, will be sent to the bishops and by them will be transmitted to the pastor of each parish and will then be read to the laity.

The encyclical provides for teaching the catechism in each parish which the Pope prescribes, and he enjoins all bishops to see that the orders are enforced to the letter.

"This, venerable brothers," says the Pontiff, "we do prescribe and command by virtue of the apostolic authority. It now rests with you to put it into prompt and complete execution in your dioceses, and by all the force of your power see to it that these prescriptions of ours be not neglected, or, what comes to the same thing, that they be not carried out superficially."

After speaking of the large numbers who live in ignorance of Christian teachings, and after deploring the decay of religious belief, the Pope goes on to say:

"There are today vast numbers, continually recruited by fresh accessions, who are either utterly ignorant of the truths of religion—or what at most possess only such knowledge of God and of the Christian faith as to lead the life of idolators. How many are there, not only among the young, but among adults tottering with age, who know nothing of the principal mysteries of faith.

"In consequence of this ignorance, they regard it as no crime to excite and cherish hatred against their neighbor, to enter into most unjust contracts, to give themselves up to unjust speculations, to possess themselves of the property of others by enormous usury, and to commit other iniquities not less reprehensible. Furthermore, they are unaware that the law of Christ not only forbids immoral actions, but condemns deliberate immoral thought and immoral desires. Even when they are restrained by some motive from abandoning themselves to sensual pleasures, they without any kind of scruple feed on evil thoughts, multiplying sins beyond the hairs of the head.

"Again, we deem it necessary to repeat that such persons are to be found not only among the poorer classes of the people or in the country districts, but among those in the highest walks of life and even among those puffed up with knowledge, who, relying upon a vain erudition, think they are at liberty to turn religion into ridicule and to 'blaspheme that which they know not' (Jud. x)."

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

Persons afflicted with Piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make Piles more painful and dangerous. Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.

Alexandria Gazette AND VIRGINIA ADVERTISER

SATURDAY EVENING, MAY 6, 1905.

EVERY NOW and then papers in the North publish statements concerning the putting aside of the bloody shirt, the burying of the hatchet, and the good feeling that they say exists among the people in that section toward their brethern in the South, most of which is gabble. Talk is cheap but actions speak louder than words, and the truth of this observation is clearly shown by the following taken from the New York Tribune of yesterday:

It was stated yesterday that probably ten posts of the Grand Army of the Republic in Kings county would refuse to march in the Memorial Day parade because the New York Camp of Confederate Veterans, as the guests of Grant Post, were to have a place near the head of the line. It has been suggested that these posts should have a parade all of their own, and give the right of line to the Garrison and Beecher posts, which are composed of colored men. Major Walter Thorn, a member of the Smith First Long Island Post, has informed Grand Marshal Simmons that he would not serve on his staff on Memorial Day because the Confederate Veterans had been asked to participate in the parade. Perry Post, which is one oi the organizations which cannot bring itself to the point of extending the courtesy of a front position in the parade to the former Confederates, has passed resolutions, in which Grant Post is denounced for inviting the Confederates, and Grand Marshal Simmons is criticised for approving the invitation. They speak of it as introducing an "element into the parade that is bound in the course of events to prove a firebrand and a source of discord in ranks where harmony ought to prevail."

COLORED MEN as policemen have proved neither popular nor successful in New York. The last of those appointed under a previous reform administration was dismissed yesterday by Police Commissioner McAdoo for a slight breach of rules. For a time the colored policemen were used as detectives in obtaining evidence against policy and other games. Their color served to make them conspicuous among other policemen and they became so well known that their usefulness in that capacity ended. In addition they were shunned by white members of the police force and the performance of their duty was frequently resented by white citizens. The northern and western portions of the United States half a century ago went wild upon the negro issue. They later attempted to foist upon the southern people conditions which experience has compelled northern people to abandon.

THE New York Medical Journal translates from a German technical paper Dr. Weichardt's account of his discovery of the fatigue antitoxin, which, when injected into animals, is said to produce immunity from weariness. He first obtained the muscular plasma from guinea pigs extremely tired from being pulled forward and back over rough ground. This, under certain conditions, was injected into animals, such as horses, whose blood became antitoxic against fatigue. The long and short of all this is that a remedy for inertia has at last been discovered. Panaceas for drunkenness are occasionally advertised which, it is averred, can be given unsuspecting patients in coffee, and the fatigue antitoxin will prove a great desideratum to the many whose patience is often exhausted by those under whom it is necessary to build a fire in order to impart a movement to them.

THE London Saturday Review of today contains a leading article devoted to the Chicago teamsters' strike, in which it suggests that the newspapers change their comments on the subject of the brutalities of the autocracy in Russia to the brutalities of democracy in Chicago. The article says:

Chicago is at present a little more of a hell on earth than it is ordinarily. The authorities seem as yet inclined to let things take their own course, but when they begin their duty of preserving order, we will be surprised if they do not shoot down people quite as determinedly as is being done in Warsaw.

The above is a just criticism upon present conditions in one of the largest cities in the United States. We see the mote in the Muscovian eye, but considerest not the beam which is in our own.

PROFESSOR FLINDERS PETRIE, who has just returned to Cairo from a series of explorations on Mount Sinai, says it is now proved conclusively that the Egyptian Pharaohs were of Ethiopian origin. A Semitic temple in almost perfect preservation forty miles north of Sinai was found modeled after Solomon's temple at Jerusalem. That the Pharaohs were of Ethiopian origin has been the theory of Egyptologists since the finding of the mummy of the Pharaoh of the oppression in 1881. The remains of this historical individual were found to be in a fine state of preservation. They are now in the museum at Cairo.

PROFESSOR MEYER, of the Chicago University, yesterday, in Washington, continued his statement before the Senate committee on Interstate Commerce. He criticised the Interstate Commerce Commission, saying all its important decisions were in restricting trade. If given the power to fix rates it would be compelled to adopt a mileage system. Stock-watering, said Professor Meyer, in many cases had been beneficent, but he failed to state that the sellers and not the buyers of such stock were the beneficenaries.

DISPATCHES from Chicago show that the strike which has convulsed business in that city is on the wane, and by next week normal conditions, it is believed will prevail. The strikers are considering the advisability of withdrawing certain demands and thereby bringing about a better order of things.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 6.

President Gompers has received replies from all the members of the Executive Council of the American Federation of Labor to his suggestion that the Federation offer its good offices in bringing about an end of the strike in Chicago, if requested by either party to the controversy. The decision of the council was unanimous to leave the matter to the good judgment of Mr. Gompers to act in any manner that he may deem proper. As yet Mr. Gompers has received no invitation direct from either the teamsters or the employers, and he announced today positively that he would not visit Chicago unless he should receive such requests.

Harry L. Burruss has been appointed postmaster at Ruther Glen, Caroline county, Va.

The various section of the International Railway Congress held two sessions today, and after adjournment in the afternoon visited the Capitol and Congressional Library. The delegates have settled down to their technical discussion of railway science.

Miss Frances Newlands, daughter of Senator Newlands of Nevada, was married at noon today to Lieutenant Leopold von Bredow of the German Army. The ceremony which was witnessed only by the immediate relatives and friends of the bride and groom, was performed at Woodley, the beautiful surburan home of Senator Newlands. Rev. Thomas S. Childs of All Saints Church officiated, and Mr. Verdy du Vernois acted as best man. The bride had no attendant and was given away by her father.

The members of the Interstate Commerce Commission left for Chicago today, where matters of considerable importance will receive consideration next week. Although a number of cases are to be heard, the principal purpose of the commission at this time is to take up an investigation of the transportation of freights by common carriers in cars not owned by the common carriers themselves. The investigation will include the use of cars owned by the shippers, as well as the cars owned by private car companies and leased to the railroad companies.

Attorney General Moody, declining to depart from the fixed rule of the department, will not discuss the pending tobacco trust investigation while it is in progress.

The Interstate Commerce Commission will not be given the power to fix railroad rates, if the Senate committee on Interstate Commerce can prevent it. The decision has been practically reached.

Nan Patterson.

Nan Patterson's counsel assured her yesterday that she will be released on Monday.

Among the letters received yesterday by Miss Patterson were a dozen offers to bail her out, several from women. During the day her counsel received a score of other offers to go on her bail bond on sums of from $5,000 to $20,000. A friend of Daniel O'Reilly, the chorus girl's counsel, is prepared to put up $50,000 should the District Attorney require any such extraordinary amount.

David Belasco, the theatrical manager, has announced his intention of starting a Nan Patterson defense fund with a subscription of $1,000 if she is put on trial again. E. Percy Williams has offered her an engagement to appear in vaudeville for a period of 17 weeks at $750 a week.

New York, May 6.—The status quo in the Nan Patterson case, as well as that of Mr. and Mrs. J. Morgan Smith, which is so closely allied with the case of the actress, has not been disturbed by any developments today. The attorneys for all the parties are waiting until Monday before taking any further steps looking toward the liberation of the prisoners, and it is not likely that there will be any developments before that time. Nan herself is benefiting by the quiet. Her condition was reported this morning as much improved. She still denies herself to all callers and her father was the only person admitted to see her today. Dr. McGuire, the Tombs physician, believes that few more days will see Nan practically herself again after the break-down at the end of the trial.

Blacksmiths Strike.

All the blacksmiths employed in the big shops of the Norfolk and Western Railway Company in Roanoke went on strike yesterday. One hundred and fifty men laid down their tools and walked out, and the blacksmiths in other Norfolk and Western shops along the line of road also struck. Trouble arose over a question of permitting a nonunion man to continue at work in the Roanoke shops after the union men had protested. The strike may involve several thousand men if it is not settled before sympathizers decide to follow the blacksmiths. The blacksmiths are noncommittal about their fight with the railroad, but it is known that the strike has been brought on because of the presence of a nonunion man in the Roanoke shops.

P. H. Cummings, general organizer of the American Federation of Labor and first vice president of the International Brotherhood of Blacksmiths and Helpers, has been in Roanoke for three weeks trying to get an audience with the officials of the road, in order to have the matter settled amicably. He said yesterday that he had never been able to get a conference with any of the higher officials.

Offering himself as a human sacrifice at the altar of his own cathedral, Ariosic Orifio, parish priest, at Houston Tex., has atoned for the sins of his congregation, according to the dictates of his inflamed imagination. With his clothing saturated with oil, he applied a torch and was consued in a pillar of flames.

News of the Day.

The present session of the New York legislature ended yesterday.

The Twenty-third Congress of the Protestant Episcopal Church of the United States will assemble in Brooklyn next week.

The severe storms which swept over St. Louis and vicinity Thursday evening resulted in the death of two persons, injuries to eight and considerable damage to property.

Attorney General Moody has addressed an opinion to the Senate committee on Interstate Commerce in which he holds that the government has the power to regulate railroad rates.

As soon as it became known that Secretary Hay was deriving much benefit from the hot baths of Bad Nauheim the State Department officials began getting into hot water.

Delegates to the International Railway Congress were yesterday given a reception at the White House, where they were greeted by Vice President Fairbanks in the absence of President Roosevelt.

Mr. Henry Hall Brogden, a native of Prince George's county, Maryland, who was formerly chief of a bureau at the Washington navy yard, died last night at Providence Hospital, Washington.

The statement is made from official sources that George Gould will succeed Joseph Ramsey, jr., as president of the Wabash when the latter retires at the next meeting of the board of directors.

During the trial yesterday of Johann Hoch in Chicago on the charge of poisoning his wife a trained nurse testified that while his wife was ill he spent most of his time courting his sister-in-law in the kitchen.

James Britt, of California, was given the decision over Jabez White, of England, at San Francisco, last night, in the twentieth round of a fight for the international light-weight championship of the world.

A special to the Fort Worth Texas Record from Oklahoma City says: "A tornado struck Owl, Ind. Ter., yesterday evening and damaged the business part of the town to the extent of over $50,000. The storm covered a path about 700 feet wide, and destroyed everything in its way.

Rev. U. G. Sutherlin, formerly pastor of the Park Christian Church at New Albany, Ind., was arrested yesterday at Silver Grove, Ind., on a warrant charging him with the murder of his wife. Last October the body of Mrs. Sutherlin was found hanging from a transom in her home, and it was supposed to be a case of suicide. Mrs. Sutherlin's father, however, made information before a grand jury recently charging Sutherlin with murder, and arrest followed. Mr. and Mrs. Sutherlin had not lived together for some time prior to the time her body was found.

More serious last night was the outlook in the strike of starchers at the collar factory of Cluett, Peabody & Co. in Troy, N. Y. It is now feared that the trouble will extend to all the factories in the city. The girls are proving more difficult to hold in check than the most determined men strikers have been in labor troubles in that vicinity. It is even said troops may be called for. The girls were in an angry mood last night and apparently the worst of the trouble has not yet been reached. A committee from the Collar and Shirt Manfacturers' Association called upon the Mayor and demanded better police protection.

Harry Mickel, a Pittsburg, Pa., street car conductor, in a fight last night with his wife, was shot in the temple and killed instantly. Following the killing, Mrs. Mickel drank wood alcohol and is now in the hospital, but will not die from the effects. According to Mrs. Mickel's story, her husband had been jealous of her since their arrival in Pittsburg from Philadelphia last September and they have had a stormy time. Last night she says, when she tried to get into her room the door was barred by her husband. A fight followed and the man tried to shoot her with a revolver. In the scuffle the revolver was discharged and Mickel fell dead with a bullet in his head. When the neighbors arrived on the scene Mickel had the revolver clutched in his hand. The wife then drank the alcohol, it is believed with suicidal intent.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid, of Harmony, Me. "For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." Shepherd K. Smith was arraigned in the Mayor's Court of Manchester yesterday as an accomplice with his wife, Mrs. Estelle Smith, in the murder of their child, Ralph Smith, by constant whipping. Smith's counsel made a strong plea for continuance, on the ground that they had had no opportunity of conferring with their client. After a hot tilt between counsel, the mayor put an end to the proceedings by postponing the case one day only.

MRS. DAVIS TO MRS. LEE.

Mrs. Fitzhugh Lee has received a beautiful letter of condolence from the widow of Jefferson Davis. The letter reads as follows:

HOTEL GIRARD,
123 West Forty-fourth Street.

My Dear Mrs. Lee: No heart which does not claim your blood is more sad than mine today. The suddenness of the affliction which has fallen upon our whole country makes it the harder to bear. I have heard nothing but the announcement in the public papers, but ever since have been dwelling on your anguish and the loss we have all sustained in our great soldier and tender, good man.

May God in His mercy send His comforter to you and his children is my sincere prayer.

I do not know where to send this letter to you, but will address it to Richmond, to be forwarded to you.

With love to your children and with deepest sympathy, yours faithfully,

V. JEFFERSON DAVIS.

Fatal Accident.

Miss Martha Saunders, of Paeonian Springs, Loudoun country, was instantly killed and her sister, Miss Rowena Saunders seriously injured in a runaway accident Thursday night about 7 o'clock. The accident occurred near Paeonian on the public road, while the ladies were returning from a visit to friends in Hamilton. The horses which they were driving became frightened from some unknown cause, ran over an embankment, upset the vehicle, and threw both ladiesto the ground. Miss Saunders died fromconcussion of the brain before medical assistance could reach her. The Misses Saunders are well-known members of an old family in Loudoun. The dead woman is survived by three brothers and several sisters. She was about fifty years of age, and a daughter of Mrs. Amanda Saunders.

Senator Martin last night addressed a large gathering in Manchester and was received with enthusiasm. His speech was devoted in the main to a vindication of his record as Senator, and a clear statement of what he had accomplished for Virginia in the last decade. The Senator goes to Farmville today to speak in behalf of education. He will address the voters of Campbell Monday and Tuesday, and will speak both at Appomattox Courthouse and in Lynchburg.

Today's Telegraphic News

Conditions in Russia.

Warsaw, May 6.—The attempt to inaugurate a general strike has failed. The Polish socialist party, which was responsible for the effort to call out all workmen, has abandoned the project for the time being. A new proclamation has been issued to the workingmen by the party directing them to return to work and to await an appropriate time for beginning a revolution. The slaughter of innocent people in the massacres of May 1 is denounced in the strongest language in the proclamation.

The result of an inquiry ordered by the government to discover the cause of the casualties among the troops during the riots of May 1 has disclosed the fact that the killing and wounding of many soldiers was due to a mistake on the part of the patrol. It was known that the rioters did not carry arms, and that they could not have inflicted the injury to the troops. This led to the investigation. The inquiry brought out the fact that an infantry patrol became panic-stricken on the night of May 1 and began firing blindly down a dark street. Another patrol was at the other end of the street, and as the bullets whizzed over the their heads and struck down several men, they imagined that the rioters were making an armed demonstration. The fire of the first patrol was returned and the two military forces fired several volleys at each other before the mistake was discovered.

Odessa, May, 6.—All the bakers and other employers of the Russian Navigation and Trading Company, who have been on a strike for several days, have returned to work. The strikers won a complete victory, as all their demands were ganted by the company.

Surrender of Alleged Kidnapper.

Omaha, Neb., May 6.—Pat Crowe, alleged kidnapper of Eddie Cudahy, son of the millionaire packer, of Omaha, walked into a newspaper office at one o'clock this morning, and said he wished to surrender himself and be under the protection of the police after years of isolation from his relatives and friends. Crowe was asked about the kidnapping of young Cudahy, but he refused to either deny or admit that he had any part in the story. Eddie Cudahy was kidnapped the night of December 8, 1900. For two days his parents searched for him in vain. Then a letter was thrown into the yard of the Cudahy mansion, saying that if Cudahy would drive alone to a lonely spot on a road from Omaha and deposit a sack containing $25,000 in gold, by a red lantern which he would find at the place indicated, his boy would be restored to him. Cudahy drew the $25,000 in gold from the Omaha National Bank, and left it by the roadside at night as directed. A few hours later the boy ran into the Cudahy home safe and well. He had been kept a prisoner in a vacant house in the outskirts of South Omaha and had been well treated. Cudahy then offered $25,000 reward for the arrest of the man who had kidnapped his boy. The city of Omaha added $25,000.

[A later dispatch from Omaha says Crowe has not given himself up to the police, but is hiding somewhere in the city.]

Successful Launching.

Philadelphia, May 6.—Her sharp prow drenched with wine instead of the bottle of beer requested by the city whose name she bears, the new cruiser St. Louis, at 3:30 o'clock this afternoon, slid down the ways at the Neafie & Levy shipyards, the latest addition to the nation's naval fighting force. The launch was successful, and was witnessed by a distinguished gathering which included Secretary of the Navy Morton, and a number of navy department officials.

Another special car brought Mayor Wells, of St. Louis, and a family and official party among whom were: Mr and Mrs. James E. Smith, Miss Gladys Bryan Smith, who christened the cruiser; and Miss Mary F. Wright, who was maid of honor.

The St. Louis is the first cruiser which the Neafie & Levy company has built, for this government and the officials did all in their power to make the launching an impressive one.

Japanese Sailing Vessel Destroyed.

Tokio, May 6.—It is reported here that four Russian torpedo boat destroyers attacked a Japanese sailing vessel yesterday. The shots from the destroyers set fire to the sailing vessel. Five of the crew, including the captain of the vessel, were taken off the burning ship as prisoners. The destroyers are supposed to be part of the Russian fleet which was at Vladivostok.

Tokio, May 6.—The raid of four torpedo boat destroyers on a Japanese sailing vessel has been confirmed. The boat was burned near Satsu, on the west coast of Hokkaido, the northernmost island of the Japanese group. It is quite possible that other small craft belonging to Japan have been destroyed. The object of the raid is not quite clear. It is possible, however, that the Russians were looking for a chance to torpedo a Japanese patrol, or were attempting to create a diversion in favor of Admiral Rojestvensky.

Another of Alfonso's Freaks.

Madrid, May 3.—(Delayed in transmission.)—The royal palace was thrown into great commotion yesterday afternoon, due to another of King Alfonso's escapades. While the palace was enjoying its usual afternoon quiet an awful din was suddenly heard which disturbed everybody in the palace. The Queen mother sent courtiers out hurriedly to discover the cause of the noise. They found the royal halberdier band engaged in playing a most unusual air. Each player was rendering a different piece and playing with all his might. When the Queen mother's messengers inquired the cause of the unusal proceeding they were informed that Alfonso had ordered the performance and the members of the band were doing their best to carry out his directions.

Church Wrecked by Dynamite.

Wilkesbarre, Pa., May 6.—The handsome Welsh Congregational Church at Edwardsville, a small mining town two miles from this city, was blown up with dynamite at four o'clock this morning, and completely wrecked. The citizens are greatly aroused over the outrage, which is believed to be the work of some parties whom Rev. Dr. T. C. Edwards, pastor of the church, opposed for a liquor license. A large amount of dynamite must have been used, as the edifice is completely wrecked, part of the front blown in and all the windows, including several costly stained glass memorials, being shattered.

Mysterious Suicide.

New York, May 6.—A handsome young woman, supposed to be Mrs. J. W. Gray, of New Orleans, put a bullet through her right temple in her room in the Imperial Hotel, this morning, and died a few hours later at the New York Hospital, where she was removed for treatement. On the bureau of the room she occupied was found a letter which read as follows:

"Dear Sweetheart: When I called you up on the 'phone you talked so cruelly to me that I went out and bought a revolver intending to do it then. I was brought up in a convent and my religion teaches against such things, but I can't stand it any longer."

The cause for the shooting is a mystery, explained only so far as the tell tale letter goes. The writer broke off in her explanation, and as she did not address the note, the police have no idea for whom it was meant. The note was evidently written partly yesterday and partly today. The handwriting at the end did not appear quite as firm as at the beginning. The latter part said:

"Again you have disappointed me. Charley, what in God's name have I done? If you were anxious to get rid of me, that were easy. Why did you have me come to New York? If you had said 'Ollie, I do not want you to return,' I would never have done so. Here I am as your wife. What can I do but wait here like a fool for you to show up? And still you do not. Well, Charley, this is the last. I wish you all the luck in the world. You know I am your chum and pal always. What chums we have been!"

The woman was a handsome brunette, with a great mass of black hair. She was a Southerner, and her letters showed evidences of education. A search of the room later revealed another letter. It read:

"I ask of those who will look after me when I am gone, please do not cross my hands. I have a perfect horror of it; and another, again, let me ask that I be put to rest in the most simple way. What little I have after my bills are paid, I wish to be sent to Olivia Parker, 1923 St. Andrews street, New Orleans. Do not throw it away on me. I do not believe in those things. Give it to the living, not to the dead. It can do them no good."

Mrs. Gray and a fine looking man, a few years her senior, apparently, appeared at the Imperial on April 20, and registered as "J. W. Gray and wife, New Orleans." Nothing about them attracted particular attention, and none of the hotel employes knew the man's business here. They went out together frequently, and the man was away in the day time. The woman was about 30 years old.

Jewels and property estimated to be worth $20,000 were found in the woman's room.

Mrs. Grace Sanford, who occupies an apartment at No. 62 west 66th street, knew the suicide well.

"Her husband died May 2, last year, in New Orleans," Mrs. Sanford said. "He was a wealthy Chicago man. After his death Mrs. Gray came to New York and took apartments with me. She stayed until some time after Thanksgiving. She met a Jersey City man in the early fall. He is married. A few days ago a little son of his was drowned, and after the son's death he determined to give up Mrs. Gray and live a better life. He called her up and told her so. Mrs. Gray was a very wealthy woman. The whole cause of her death was an exceeding infatuation tor the man. She had entree to good society, unlimited credit at all the large restaurants and hotels. I am informed that she has left a public letter in which she is said to leave her jewelry and money to a 'colored girl' named Olivia Parker, in New Orleans. As a matter of fact, I know this girl is her sister. Mrs. Gray was a very light mulatto or possibly octoroon."

Strike Drawing to a Close.

Chicago, May 6.—Beginning the week with all the elements of promising disaster, not only to capital and labor but to the general public not directly involved, the garment workers-teamsters' strike today had passed into a state of coma, which only quick and startling action by either side may revive to a semblance of its former alarming character. A new move to bring about arbitration may be started today by the union leaders who, despite their previous emphatic position, have come to realize that the employers are well situated and that they will had protection by the forces of the police department and the sheriff's office. Six hundred and thirteen extra policemen have been sworn in up to this morning, and Mayor Dunne has arranged for an addition of 300 men if it is found they are needed. The sheriff has sworn in 150 deputies and declares his belief that the situation is "well in hand, and that no further troubles are likely to reach the importance of requiring a call for military aid." With the apparent successful demonstration of the Employers' Teaming Company and allied organizations in getting a fairly good start towards breaking the strike, the labor federation meeting Sunday is expected to carefully canvass the probabilities of making concessions that will end the trouble. The protection of the two temporary federal injunctions is so evident that until final action is taken, the labor people are inclined not to give grounds, if possible, for their permanent enrollment.

Sporadic instances of violence are noted with comparatively few of serious import. This morning one exception is noted. At midnight, the police locked up Julius Hilorecht, James Rogers, and Henry Fifer, said to be strike breakers. Hilbrecht is charged with throwing a bomb at a United States Express Company wagon, damaging the wagon, injuring the horses but doing no harm to the driver. Rogers and Fife are charged with being accessories. All three, the police charge, are violators of the United States injunction.

A heavy rain today is aiding in the preservation of peace, keeping the crowds moving and off the streets.

Collided With Trolley Car.

Philadelphia, May 6.—A Reading freight train crashed into an open trolley containing five passengers this afternoon. One woman was instantly killed and buried under the wrecked car. Another woman was probably fatally injured, and the motorman and others severely hurt.

The congress of the Women's White League of America, which began in Philadelphia last Tuesday, closed last night.

The Market.

From Richmond.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., May 6.—The Corporation Commission today granted a charter to the Potomac Hotel Corporation, of Alexandria, the capital stock of which is $20,000. J. E. H. Ellard, of Sandy Hill, N. Y., is president and Willard W. Brown, of Washington, secretary and treasurer.

The annual report of the Corporation Commission shows that $522,182 came into the treasury from that source in 1903.

Governor Montague is improving and will be up in a few days.

Oyama Renewing Operations.

Fenghussieng, Manahuria, May 6.—Field Marshal Oyama's army has begun active operations on General Linievitch's left, and the indications are that he is preparing for an offensive movement on a large scale. Another general battle is believed to be imminent.

The Liao river has been the scene of activity on the part of the Japanese and they have concentrated heavy columns in that neighborhood. The advance forces have been in contact with the Russians guarding the main road from Fakomen to Bassienchen.

One engagement was fought on Thursday, when Japanese cavalry attacked a force of Cossacks, and force them to retire. Japanese infantry were hurried up, and seized the village of Palietoun from which the Russians fled. Twenty miles to the west, a force of Russians engaged in making a reconnaissance ran into a Japanese ambush, and all except five of the party were killed.

London, May 6.—The correspondent of the Exchange Telegraph Co. at St. Petersburg, says that it is reported there that General Kuropatkin the former commander-in-chief of the Russian armies, in Manchuria, will be recalled. His place as commander of the Second army will be taken by General Zarnbalff.

Railroad Wreck.

New Brunswick, N. J., May 6.—The mail and express train which left Philadelphia at 3:10 o'clock, bound for New York, on the Pennsylvania Railroad, was wrecked at Plainsboro. A freight train, eastbound, made up of forty steel cars loaded with coal, was wrecked at four thirty o'clock by the breaking of an axle. Twelve of the big steel cars were scattered over all the tracks and the express train crashed into the wreckage of freight. The engine of the express train and two mail cars left the track and the engine tumbled down the embankment into a field. The engineer and fireman, who were George C. Roy and Thomas A. Stockton, of Jersey City, had no time to jump and went down with the engine. The fireman was buried underneath and was dug out by the train crew. He and the engineer were brought here on a special and were attended by Dr. Donohue. No bones were found to be broken and they escaped with severe cuts and bruises. Later they went to their homes in Jersey City. Traffic on all four tracks was blocked for five hours. The westbound tracks were cleared, but the three tracks are still blocked. It will take five hours yet to clear the wreckage.

Application Granted.

Montpelier, Vt., May 6.—Chief Justice Rowell and Judges Lovell and Munson of the State Supreme Court, announced last night that counsel's application for a hearing by the full bench on the petition for a new trial of Mrs. Mary Mabel Rogers, charged with the murder of her husband, has been granted. The full bench will hear the petition on Wednesday, May 17. This new evidence relates to the allegations that there has been insanity in Mrs. Rogers' family and that she is a hereditary victim and that her mental and physical condition at the time of the trial were not normal.

Wants to Bring Peace in the Balkans.

Constantinople, May 6.—According to reports which have been received here, King Peter, of Servia, is anxious to undertake the duty of preserving peace in the Balkans. The king, it is said, is planning a visit to Constantinople in June. New York Stock Market.

New York, May 6, 11 a. m.—The street was taken by surprise this morning by the announcement of the reconsideration of the vote in the Illinois Senate on the gas bill, which, after having been voted down, was taken up. The stock which closed at 110 bid yesterday, sold down to 105½. Consolidated Gas acted much in the same manner, selling from 200¾ to 196½. The weakness of these stocks caused general selling by traders all around the room.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

It will also have two deck monitor pipes that will be capable of throwing 2 and 4 inch streams. The new fireboat will be christened today, Miss West, daughter of District Commissioner West, having been selected for the honor.

Rixey vs. the same, which have been transferred from Norfolk to the court at Alexandria. They will come up for trial at the July term. These cases arose in a suit which was recently tried in Fauquier county involving the title to certain land and were removed from the State to the federal court. It is alleged that the defendant used defamatory language in referring to the complainants. The damages are fixed at $30,000.

The Collector's Office.

A dispatch from Bristol says: "It is expected here that the new collector of internal revenue, Mr. L. P. Summers, will petition Commissioner Yerkes to permit him to bring the office from Alexandria to Abingdon, notwithstanding Lynchburg and Roanoke are both seeking to secure the office."

It has been understood here since Mr. Summers's appointment as collector, that he wished to remove the office to Abingdon, but it is not believed that any removal will be made for some time at least.

Drawing to a Close.

The fishing season of 1905 is nearing its close, and by this time next week the curtain will have dropped upon Fiddletown. There were two small jags of herring at the wharf this morning, but the animation of a few days ago was wanting. The failure of the shad fishery this spring has been serious, and those who invested in nets, boats, &c., are profuse in suggesting reasons for the appearance of but few shad in the river. The same conditions, it will be remembered, prevailed last year. The majority are inclined to believe that trapnets in the bay and near the mouth of the river prevent large numbers of these fish from entering the river. Some think legislation should be resorted to to prevent a recurrence of the dearth of the past two year.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

It has been divided into eight apartments with four rooms and a bath in each—all heated and all lighted by electricity. The building front is being marbleized and the entire house repainted and repapered and arranged in the most convenient and modern manner. The building will soon be one of the handsomest in the city.

Miss Hawkins is a well-known visitor to Nimrod Hall and Milboro Springs, and the night before placed her diamonds and other jewelry, valued at $1,200, in the safe. Miss Hawkins is a daughter of J. P. Hawkins and for years has guarded these jewels with the utmost care. The jewels had descended through a line of ancestry going back over 200 years, and the settings were of the finest gold of antique design. The safe was blown to pieces.

Protesting Against Rate Reduction.

A special dispatch from Atlanta, Ga., to the New York News Bureau says: "The recent proposition of J. Pope Brown, chairman of the Georgia Railroad Commission, to reduce the passenger rate in Georgia from three to two cents per mile was protested against by the Brotherhood of Locomotive Engineers, the Order of Railway Conductors and unions of the blacksmiths, machinists and telegraphers, boiler-makers, railway train men, carpenters and joiners, clerks and car men. These organizations employed an attorney especially to represent them, who urged that such a reduction would work against the prosperity of the State and lead to a reduction in the number of railroad employees as well as of their wages. The Travelers' Protective Association also protested that a reduction as proposed would result in fewer trains and poorer service."

Who Can Vote in November.

1. A man, who has been duly registered under the new constitution may vote in the November election this year, provided he has, at least six months before said election (that is to say, not later than Saturday, May 6), personally paid all State poll-taxes assessed or assessable against him for both 1903 and 1904. "Personally paid" means that a man has paid said taxes with his own money. No taxes of any kind or description are required to be paid as a prerequisite to the right to vote except the State poll taxes referred to.

2. There is one exception to the above requirement, viz; A veteran of the civil war (but no veteran of any other war) may register and vote without paying any kind of taxes whatever for the privilege of so doing.

3. A man, who has not been duly registered under the new constitution, may now be transferred (provided, of course, he is qualified in other respects) upon paying all State poll-taxes assessed or assessable against him for the three years 1902, 1903 and 1904. After being registered, he will be entitled to vote in the November election this year, provided his State poll taxes for 1903 and 1904 were personally paid not later than Saturday, May 6.

4. There is one exception to Class No. 3, viz: If a man has reached the age of 21 since February 1, 1904, or will reach the age of 21 before the November election, he may (provided, of course, he is qualified in other respects) be registered after he has paid to the treasurer $1.50. The amount so paid will be in full settlement of the first State poll-tax assessable against such young man. This sum must be paid before he may be registered. After such young man is registered, he will be entitled to vote in the November election.

Every man will find the poll-tax requirement governing his case explained in one of these four sections.

Orrine is the only guaranteed cure for the drink habit, can be used at home and destroys entirely the craving for drink, without publicity or loss of time. It quickly removes the craving for intoxicants, steadies the nerves, restores the appetite and gives refreshing sleep.

Ten thousand grateful letters from those who have been cured by Orrine prove its infallible success. It is the only guaranteed cure for the liquor habit, and we seek the worst cases in the community. It is prepared in two forms—No. 1, which can be given in tea, coffee or food, without the patient's knowledge, and No 2, which is for those who desire to be cured. The price of either is $1 per box. Alexandria Gazette.

SATURDAY EVENING, MAY 6, 1905.

Mails In 1747.

The change in postal arrangements in New York since "the good old times" may be seen by the following advertisement, copied by the Troy Times from Bradford's New York Gazette of Dec. 6, 1747:

"Cornelius Van Denburgh as Albany Post designs to set out for the first time this winter on Thursday next. All letters to go by him are desired to be sent to the postoffice or to his house near the Spring Garden."

During Hudson river navigation the Albany mail was transmitted by sloops, but in the winter a messenger, as above mentioned, was required, and it is probable that he traveled on foot. The winter average of the eastern and southern mails is given in the same paper and same date as follows:

"On Tuesday the Tenth Instant at 9 o'clock in the Forenoon the Boston and Philadelphia Posts set out from New York to perform their stages once a Fort'nite during the Winter months and are to set out at 9 o'clock Tuesday morning. Gentlemen and merchants are desired to bring their letters in time. N. B.—This Gazette will also come forth on Tuesday Mornings during that time."

An Unbroken Spell.

When we have a "spell o' weather," and wet weather at that, we have only to recall the climatic conditions of Dartmoor, in England, in order to be thankful for a little.

The moor has, says a writer in Cornhill, an eternal procession of clouds, infinitely varied in form, lighted with a white radiance or lowering in gloom, rent, tattered or filmy, gathering, menacing, creeping round to swath you in a mist of rain or dropping one of those silvery showers lighted with sunshine from behind.

Of heavier rain there is no lack, and all one can say of the perennially beautiful moor is summed up in the verse invented by its enemies:

The south wind always brings us rain.
The north wind blows it back again.
The west wind surely means wet weather,
The east wind wet and cold together.

Postponement Inevitable.

"If yoh husban' beats yoh, mabbe yoh kin hab him sent to de whippin' pos'," said Mrs. Potomac Jackson.

"If my husban' ever beats me," said Mrs. Tolliver Grapevine, "dey kin send him to de whippin' pos' if dey wants to, but dey'll have to wait till he gits out'n de hospital."—Washington Star.

In After Years.

Old Fogy Father—My father never supplied me with money to squander on fast horses, theater parties, late dinners and the like. Up to Date Son—Oh, that's all right, dad. You must remember that I come of a more aristocratic family than you did.—Chicago News.

Uneasy About the Boy.

"How is your boy Alfred succeeding at college?"

"I'm afraid we'll find out pretty soon that he's been running in debt. He's writing to us once a week now."—Chicago Tribune.

"I may not be wealthy, but I can afford my own carriage and pair," said the fond father as he wheeled his twins along the pavement.

Conceited.

Lyles—Did you ever come across a more conceited fellow than Bulger? They say he is an atheist, and I believe he is. Bonter—I wouldn't like to go so far as that, but I know that he doesn't recognize the existence of a superior being.—Town and Country.

A Mean Suggestion.

"You know," said Miss Kreech after her solo, "I intend to go abroad to finish my musical education."

"Why not finish it right now," suggested Miss Cadley, "and save the expense?"—Philadelphia Ledger.

For Instance.

"Lucy," asked the teacher, "what is the meaning of 'succinct?'"

"It means short, ma'am."

"A rabbit has a succinct tail."—Chicago Tribune.

No road is too long to the man who advances deliberately and without undue haste.—Bruyere.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

Serious Stomach Trouble.

I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—MRS. T. V. WILLIAMS, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by Gibson & Timberman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nervetissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.
